In earlier years here Prof. Alexander prepared the tide records and gauges, but with the establishment of the Weather Bureau under Prof. Lyons this work was transferred to the latter. Mr. Ashley, the new weather bureau man sent out by the United States weather department, takes over the weather matters on September 1.

SOCIETY AT THE MOANA HOTEL DANCE

The band concert given last evening at the Moana Hotel was attended by an audience which filled every bench and taxed the seating capacity of the lanais. The band played, as usual, in the arbor overhanging the beach. A dance followed in the pretty reception parlor and was one of the largest functions of the kind yet given by the hotel management. Owing to the number of society folk from town who are domiciled for the summer at the Moana, the fashionable set was much in evidence.

"Brightest sun from out the sky
Bring the wrinkles round your eye."

"The wrinkles which thy glass will truly show"—as Shakespeare puts it, are often quickly removed by the timely use of proper eye-glasses.

The cosmetic value of right glasses is sometimes truly miraculous, removing tell-tale crows-feet and causing drooped eye-lids to resume normal positions.

Cosmetic value of good lenses must be supplemented by perfectly fitting frames, accurately adjusted to size and contour of face.
